Professional career: Translation

Main focus in my translation career: legal and financial. However, lots of technical and medical assignments as well.

Tools: MemoQ 9.4, DVX, Microsoft 365, LibreOffice 7.1

Legal

collective bargaining agreements, notarial deeds, contracts, Belgian court rulings and judgments, texts and contracts regarding data protection, certificates of incorporation, articles of association, a course on real-estate legislation in Luxemburg, texts on debt mediation and consumer credit, etc.

Financial

internal documents for banks (Beobank, Kredietbank), annual reports (Dolmen, Nyrstar, Oxurion, etc.), mobile payments related translations, etc.

Medical

informed consent forms, medical publications on coronavirus and disinfection, clinical trial documents (Nevakar, Mundipharma, SAKK, etc.), covering oncology, ophthalmology, radiology and a range of other areas, medical expert reports for insurance companies

Technical

Viessmann (boiler manuals, including DTP in Interleaf, later Quicksilver), SMA (solar systems), Barco, manuals for courses organised by suppliers to the Ford factory in Genk (covering mechanics, robotics, programming and electrical systems; until 2009), manuals for domestic appliances, etc.
